Realizing how important it is to begin recovering from the events of this past year, rest assured we have crafted an exciting, fun, and engaging show to attract as much business for you as possible.

The Aerospace Center for Excellence (ACE) here on the SUN ’n FUN Expo Campus is a year-round, fully immersive STEM experience to help “Engage, Educate, and Accelerate the Next Generation of Aerospace Professionals”. Through the support of a very dedicated team of staff, volunteers, and donors, we have made sure that the contributions of exhibitors like you and our other stakeholders have ensured the launch of thousands of young people’s dreams.

2021 promises to be a spectacular year, and we are committed to making sure you and your company achieve maximum results from your investment here. On behalf of our entire team, thank you very much for choosing to exhibit with us, and please let us know how we can help your business soar!
